STONEBURN MARLBOROUGH PINOT NOIR

MARLBOROUGH • NEW ZEALAND • OCEANIA

TECHNICAL DETAILS

Estate

Founded in 1989, Stoneburn has gone from strength to strength focusing on producing quality wines at an affordable price for every day drinking. The Stoneburn wines are fresh, lively, well balanced and sealed with a Stelvin closure to preserve their full character. It is recommended to drink within 2-3 years from bottling to ensure that the wines are enjoyed at their best.

Winemaking

A portion of the fruit was hand-picked and was plunged in small open vats until completion of ferment. The remainder of the fruit was machine picked and fermented in stainless steel tanks. The ferment was pumped over twice a day with temperatures of up to 32 degrees being reached to extract the color and tannins for the backbone of the wine.

Food Suggestions

Pairs well with beef, veal, deer, venison, and poultry dishes.

TASTING NOTES

This Pinot Noir exhibits a rich and complex blend of red plum, strawberry and red berry fruit characters. The silky and balanced palate is complimented by the soft spicy tannins that lingers on. Juicy and delicious wine to be enjoyed on any occasion.

Pinot Noir grape blend.

This wine contains allergens, sulfites.
