MACAN RIOJA ALAVESA TINTO

RIOJA ALAVESA • RIOJA • SPAIN • EUROPE

TECHNICAL DETAILS

The Estate

To lovers of fine wines, Vega Sicilia needs little introduction. This is by far the most prestigious wine estate in Spain, with an almost mythical reputation for quality and rarity. The property is located 100 miles north of Madrid in the shallow Duero (Douro) river valley on the high remote plateau of Castilla y Léon.

Wine Making

The 4,000-liter oak foudres helped to polish the tannins, and they used 50% new barrels. The élevage lasted 16 moths.

Food Suggestions

Pairs well with beef, lamb, veal, and poultry based dishes.

TASTING NOTES

A beautiful, complex nose with creamy spices, cedar, fresh blackberries, red plums, truffles and hints of walnuts and mocha. Medium to full body with multidimensional tannins that are tight as a rock, coating the palate in a linear way, penetrating from the entry to the end with a final thud. Give it three or years to come around.

Tempranillo grape blend.

This wine contains allergens, sulfites.
