ROMBAUER NAPA VALLEY SAUVIGNON BLANC

NAPA VALLEY • CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Inspired by the wine movement of the 1970s in Napa Valley, Koerner and Joan Rombauer entered the wine business in 1976, then launched Rombauer Vineyards in 1980. As stewards of the land, the Rombauers have strived to produce the best wine an appellation, terroir and climate will achieve. As the second generation takes over, they are dedicated to continuing their parents' vision.

Wine Making

Picked at night, the grapes were gently whole cluster pressed while the fruit was still cool. The majority of the juice was fermented in stainless steel tanks, while the remainder fermented in a combination of French oak barrels and concrete tanks, imparting weight and texture to the finished wine. The wine was bottled with a screw cap closure to preserve the freshness and vibrancy found in this Sauvignon Blanc. Storage and aging varied, 86% stainless steel tanks, 10% neutral French oak, 4% concrete tanks.

Food Suggestions

Pairs well with shellfish, vegetarian dishes, goat cheese, salads, and vegetables.

TASTING NOTES

Pale yellow with a touch of a green hue. Bursting with lively flavors of pink grapefruit, lime, and honeyed apricot with a warm note of vanilla on the finish. The wine is fresh and lively on the palate, allowing the lime to shine while the bright acidity makes for a mouthwatering finish that keeps you coming back for more.

100% Sauvignon Blanc grape blend.

This wine contains allergens, sulfites.
