TECHNICAL DETAILS

The Estate

Great winemaking finds its origins through a marriage of vision, passion and patience. More than three decades ago, the Pennachetti family helped to pioneer the cultivation of noble European grape varieties on the Niagara Peninsula with the planting of their first Riesling and Chardonnay vines at Cave Spring Vineyard. In the years since, Cave Spring Cellars has established itself as one of Canada's most acclaimed wineries, earning a reputation for crafting elegant and distinctive cool-climate wines in the heart of Ontario's wine country.

Food Suggestions

Pairs well with sweet desserts and mild or soft cheese.

TASTING NOTES

The nose is highly aromatic with aromas of peach, apricot and Bartlett pear over top notes of exotic citrus, spice and comb honey. The palate is full and sweet with a round, seamless feel, gently lifted by well integrated acidity throughout. Rich flavours of sultana raisins, dried apricot and orange marmelade dominate, carrying with great intensity alongside nuances of pear preserve long onto the finish.
